To whom it may concern

I have known Andrew Stockbridge for some time now through BNI a referral business club in Norwich. I have been very impressed with the speed and efficiency with which he deals with business inquiries both for myself and others in our group. He has saved my company a great deal of money on our business insurance we have put with him. He is looking at our other insurance policies that are coming up for renewal. He is a pleasure to do business with and offers good advise on all aspects of insurance.

I have also observed many business people at BNI give testimonials to the effort he shows in helping people secure the best deals available.

On a personal note Andrew is always active with his Charity work and is always one of the first to volunteer when help is asked for. He is a great team player.

Kind regards
