To Philip

I would like to say thank you to Philip at the insurance centre I have had two different insurances with Philip one was my car insurance which was a little more expensive but I know that it is the right policy for my truck. The other policy was for my personal indemnity insurance this took a little more time but Philip was always there to help in any difficulties that may have accrued. I am very pleased with price that he managed to get for me, it was slightly cheaper than the internet and I know that I have filled these forms out correctly with Philip's help.

The whole experience was made so much easier by having a single point of contact. The level of services was fantastic. I would not hesitate to recommend Philip and the insurance centre to anyone.

Yours sincerely

Duncan Anderson
