Testimonial

Dear Philip

I wish to thank you and your team at the Insurance Centre for insuring my business against public and employers liability.

I received a quote from my original broker who assured me that they had sourced the most competitive commercial combined quote for me and that the cover suited the needs of my business.

I spoke to Philip who said that he would look at the quote and check whether my broker was correct in what they had assured me. I gave him my renewal notice and waited to hear.

In not less than an hour, Philip's team had researched my quote and found cheaper and more comprehensive cover. The policy was set up quickly and efficiently and I was informed every step of the way.

Thanks again Phil for your efficient and honest service. I would not hesitate to use you and your team again as well as recommend you to my friends, family and business clients.

Best Regards

Stuart Chase DipPFS
